

PALLIATIVE CARE AWARENESS

Overview

This training is aimed at anyone working in a role where they are required to care for people with life-limiting illnesses and ensures that delegates gain an increased understanding of what the role of a palliative carer entails. Our palliative care training course covers a range of theories, therapies and techniques which delegates can apply in order to approach their role with confidence.

Outline of Programme

- What is palliative care?
- How do we cope with palliative care and help others to?
- The different types of complementary therapies.
- How to empathise with, and support, patients.

Assessment

The palliative care awareness training course takes around 3 hours and delegates may be expected to engage in several group activities. Our experienced trainers will be on hand to help guide participants through these sessions and a certificate will be awarded upon completion.

Cost

Our courses are competitively priced, and we aim to beat any equivalent training quote.
