

THE AGEING PROCESS

Overview

This training is designed for those working in care sector settings where they encounter older patients on a regular basis. Delegates should come away from the course with an enhanced understanding of the ageing process and how it can affect an individual's body and mind. This training is interactive, and delegates will be given the opportunity to shape the way it is delivered through discussing their own roles and experiences.

Outline of Programme

- Best practice when working with older people.
- How an individual needs change as they age.
- What is the ageing process?

Assessment

The ageing process training course takes around 3 hours and delegates may be expected to engage in several group activities. Our experienced trainers will be on hand to help guide participants through these sessions and a certificate will be awarded upon completion.

Cost

Our courses are competitively priced, and we aim to beat any equivalent training quote.
