

Team Leader/Supervisor Level 3 Apprenticeship Standard

NCFE

Overview

The Team Leader / Supervisor Level 3 Apprenticeship prepares you with the skills required to develop your career in a business setting. ILM (Institute of Leadership & Management) qualifications are ideal for aspiring professionals taking their first step into line management, or for those with some experience of managing a team in one of the following or similar roles:

- Supervisor
- Team Leader
- Project Officer
- Shift Supervisor
- Foreperson
- Shift Manager

With this Apprenticeship Standard designed for team Leaders / supervisors, you will learn everything you need to develop your team leading and supervisory skills further. More than that, you will continually have the opportunity to practice and embed your new skills in a real work context whilst working and progressing in your team leading role.

Becoming a team leader or supervisor is a skill for life and can open doors to a long and rewarding career. As a qualified team leader or supervisor, you could work in a variety of areas, industries and sectors.

Upon completion of this Apprenticeship, you will qualify with a NCFE Level 3 Diploma for Managers plus Level 2 functional skills in Maths and English.

Outline of Programme

In order to undertake this Apprenticeship, you will already be working in a supervisory role. Key responsibilities may include: Supporting, managing and developing team members, managing projects, planning and monitoring workloads and resources, delivering operational plans and resolving problems.

The standards set out in the Apprenticeship will develop your leadership skills and teach you how to develop your leadership style and understand the benefits of coaching to support people and improve performance.

Our professional tutors will deliver training and provide coaching and resources to develop your skills, knowledge and behaviour in the following key areas:

Skills	Knowledge	Behaviours/Attitude
