

Understanding the Care and Management of Diabetes Level 3 Certificate

Price: Funded via WDF + £25 registration cost pp or £445 pp

Duration: 4 - 8 weeks

Format: Training Resources + Portfolio

Course Description:

This course is aimed at all care sector staff and is designed to suit those working with adults, teenagers and children with diabetes. Training helps delegates achieve a general understanding of the challenges facing those with diabetes and staff who help to manage these individuals. It also prepares delegates to carry out preventative and reactive actions that can be taken to make care agencies far more effective.

Outline of Programme:

The different types of diabetes.
Identifying the comorbidities linked to diabetes.
The principles and benefits of a healthy diet.
Identifying warning signs and symptoms of hypo and hyperglycaemia.
How to manage hypo and hyperglycaemic attacks.
Preventative measures.
